Re: Walsh v. Russell
File No: 154703
Docket No: O-12635-19

Dear Counsel:

My client advises that the Chappaqua police came to her house yesterday evening. Apparently, Mr. Russell filed a police report yesterday claiming that their daughter was being abused. He reported that she had bruises as if she were "pinched", red marks around her neck and had diarrhoea. He apparently also said something about my client being abused. Both these statements are utterly untrue, and Mr. Russell fully aware of same.

Obviously Mr Russell filed the report in retaliation. Ms. Walsh advised the officer of the history of the matter, and the officer briefly examined the child. Ms. Walsh also explained to the officer that she was fearful of Mr. Russell and had a temporary order of protection against him. This is now the **third** false police report Mr. Russell has made against my client and her family in less than one month.

-2-

Needless to say, I am very concerned about Mr. Russell's behavior not being in the children's best interest, and more importantly, signs of real instability in his manner.

Mr. Russell must immediately cease and desist from filing false police reports against my client and her family. If he does not, I will have no alternative other than to ask for Court intervention. I hope this will not be necessary, and that calmer senses will prevail upon Mr. Russell, and he realizes the damage he is inflicting on his family by filing these false police reports .

Very truly yours,

GUTTRIDGE & CAMBARERI
